GPTHEALTH Reports Results for the Second Quarter ended on September 25

Kolkata, November 8, 2025: GPT Healthcare Limited (BSE: 544131; NSE: GPTHEALTH) reported its financial result for the second quarter ended September 30, 2025. During the Q2 FY26, the revenue from operations grew by 12.5% to Rs. 118.9crores with EBITDA at Rs. crores. The EBITDA stood at Rs. 24.1 crores in Q2 FY26 with a margin of 20%

Key Financial Highlights for H1 FY26:

- Revenue from Operations stood at Rs. 226 crores, higher by 11% y-o-y
- EBITDA stood at Rs. 43 crores, with EBITDA margin of 19%
- PAT stood at Rs. 18.3 crores, PAT margin of 8%
- Dividend of Re 1 per share

Commenting on the performance, GPT Healthcare Chairman, Dr. Om Tantia, said, “The quarter gone by was a deep personal loss to me and the entire team at GPT. Our beloved Chairman and my brother, Shri Dwarika Prasad Tantia left for his heavenly abode on August 17, 2025. He showed us that greatness lies in humility and that integrity is the finest legacy. A true leader who lived each day with strong sense of family values and his legacy in business and community service is profound. Through his vision and actions, he left our world richer, wiser, and better than he found it. We thank each one who reached out to us to offer their condolences in this time of grief.

We have always focused on strong operational and financial parameters, and this is reflective in our results for the quarter despite the changing case mix across all hospitals.

The ARPOB for H1FY26 was Rs 38,376 which is in line with our policy of serving the aspiring population of the society with higher disposable income in the middle to high income segment. The payer mix continues to be mostly cash and insurance.

With a focused geographical presence in eastern India, an under-penetrated region in terms of quality healthcare, GPT Healthcare stands as a beacon of excellence. Despite our rapid growth, our dedication to patient care, professional integrity, and medical excellence remains unwavering, only strengthening with time. Our long-term vision at GPT Healthcare is deeply rooted in our commitment to bringing advanced medical care to under-served markets in cities across eastern India. We aim to establish a chain of 150 to 200-bedded hospitals in these burgeoning markets, thereby fulfilling the pressing need for modern healthcare facilities in these areas.

Furthermore, we completed 700+ robotic surgeries at ILSS and commenced renal transplant and oncology services at ILSR.”
