**GPT HEALTHCARE LIMITED**

Investor Presentation Q4 & FY26

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **GPT Healthcare Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contractor binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guaranteeing of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third-party statements and projections.

ARPOB increased to ₹39,243 in FY26 from ₹37,180 in FY25, driven by a stronger clinical mix and continued operating efficiencies. Mature hospitals continued to deliver resilient performance, supported by steady footfalls and strong community trust, resulting in FY26 revenue of ₹478.5 Cr and PAT of ₹42.2 Cr.

The new hospital in Raipur has impacted the overall EBIDTA, EBIDTA margin and Bed Occupancy. The FY26 EBIDTA from Raipur is -(₹13.8 Cr) and EBIDTA from mature hospitals is ₹103.9 Cr making net EBIDTA as ₹90.1 Cr. Similarly, EBIDTA margin excluding Raipur is 23.06% (as against overall EBIDTA margin of 22.10% in FY25) while overall FY26 EBIDTA margin is 18.84%. Further, the depreciation and finance cost has also increased by ₹12.8 Cr towards the Raipur Capex.

Overall network occupancy stood at 45.87% and excluding the Raipur hospital, occupancy remained healthy at 55.90%. Raipur hospital's occupancy was 12.35% (FY26) and 14.26% (Q4'FY26).

ILS Dum Dum returned to profitability with restructuring, marking a key turnaround for the network. The commissioning of Cardiothoracic and Vascular Surgery has further strengthened its clinical offering and growth potential.

Revenue remains well diversified, with ~87% contributed by 10 specialties, limiting dependence on any single segment and supporting earnings resilience. The Bangladesh patient segment, which historically contributed up to 10% of revenue, has started recovering and is expected to provide incremental upside.

The 150-bed Jamshedpur tertiary care project is advancing as planned and will take the total bed count to 869.

Overall, the Company remains focused on improving asset productivity, expanding clinical capabilities, and strengthening its affordable healthcare platform across Eastern India.

GPT Healthcare Limited is a fast-growing hospital platform in Eastern India, operating five, neighborhood tertiary-care hospitals located within densely populated residential areas.

Designed around a proximity-based model, its hospitals offer the reassurance of advanced medical care almost at the doorstep—ensuring high accessibility for patients while enabling strong control over clinical quality, operating standards, and long-term returns on capital.

Led by Dr. Om Tantia, the company follows a disciplined, capital-efficient operating model with advanced capabilities across oncology, cardiology, renal transplants, and robotic surgeries.

With a clearly defined plan to scale to a 1,000+ bed network, supported by integrated diagnostics and a strong regional brand, GPT Healthcare is well positioned to capture rising healthcare demand, enhance profitability, and deliver sustained value to investors.

## Hospital Portfolio

85-bed tertiary surgical hospital with 17 ICUs and 3 OTs, scaled from an 8-bed facility.

Clinical focus on robotic gastro and bariatric surgeries, enabling higher case complexity.

Specialized care offerings including diabetic foot care and advanced gastroenterology

NBE-accredited Minimal Access Surgery department, serving as an FNB training center

**Bed Occupancy Rate (%)**

**ARPOB (INR per day)**

205-bed ,corporate hospital with 66 ICUs, 8 OTs and 1 cath lab, offering large-scale critical care capacity

Clinical leadership in the state, with multiple first-in-Tripura procedures including leadless dual chamber implantation and complex vascular stenting

Only private hospital in Tripura accredited by both NABH and NABL, underscoring quality and compliance

Has evolved into a medical value travel hub, attracting international patients. Among the few hospitals in the region with end-to-end oncology care, supported by LINAC technology

**Bed Occupancy Rate (%)**

**ARPOB (INR per day)**

155-bed, tertiary facility with strong focus on multispecialty and critical care delivery

Licensed for renal transplants with upgraded gastroenterology services, forming the core specialty base

Known for renal and cardiac care, with respiratory ICU and cardiac surgery services launched during the last quarter providing complete cardiac care services

Advanced diagnostic capabilities including MRI, CT, digital X-ray, and 3D imaging for interventional neurology

**Bed Occupancy Rate (%)**

**ARPOB (INR per day)**

116 Bed, Multi-specialty tertiary care hospital in Howrah, located near Railway Station, with no competing hospital within a 5-km radius

Launched robot-assisted orthopedic surgery, including robotic knee replacements.

Recognized by the CII for excellence in Nursing for their efforts, commitment and contribution.

Achieved EBITDA breakeven within 8 months of inauguration, among the fastest breakeven timelines in India's tertiary care hospital sector.

**Bed Occupancy Rate (%)**

**ARPOB (INR per day)**

**158 Bed ,Quaternary care hospital commencing its operations from May 2025, at Pachpedi Naka, serving a large catchment across Raipur, Bilaspur, Durg and Bhilai**

**The Renal transplant program is commenced and chemotherapy & oncology surgeries fully operational**

**Progressive expansion into advanced oncology care and license received for liver transplant services**

**High-end clinical infrastructure, including 3 Tesla MRI, cardiac catheterization lab, and dual-source CT scanner, enabling precision-led care**

**Bed Occupancy Rate (%)**

**ARPOB (INR per day)**

# Our cutting-edge investments

Robotic assisted GI Surgery

MAKO – Orthopedic robot for joint replacement

3 Tesla MRI and Cath Lab Facilities

Well- equipped ICU's and NICU's

Radiation and oncology

State-of-the-art Operation theatres

## **SPARSH – Healthcare at home for senior citizens**

A home healthcare service for senior citizens, offering medical support and personalized care for an affordable annual fee of INR 500. The plan includes monthly doctor visits, routine checks, and discounts on OPD, IPD, diagnostics, and physiotherapy. It provides free sample collection, report delivery, complimentary ambulance (within 5 km), and priority admission

## **ILS-My Health app enhancing patient convenience**

a user-friendly mobile application that enables seamless self-service appointment booking, real-time access to medical records, and instant hospital-related information without human intervention

## **HMIS enhancing efficiency and patient care**

Hospital Management Information System to create a comprehensive digital framework for managing electronic medical records

## **Advancing healthcare through cutting edge technology**

Installed cutting-edge robotic surgical technology in Salt Lake and Howrah Hospital with 750+ robotic surgeries successfully performed from the robot in Salt Lake.

## Emerging Markets, Proposition & Path Ahead

## High – Multiple Growth expected

Attractive **20x–30x EBITDA** valuations amid strong growth in India's healthcare market.

## Medical Tourism growth corridor

Eastern India is emerging as a **hub for international patients** from Bangladesh, Nepal, Bhutan with its market expected to reach **\$13.42 billion by 2026**.

## Policy-Backed

**INR 99,858 crore healthcare outlay by govt.**, including Ayushman Bharat and NHM is accelerating demand for more quality-focused health care.

## Untapped Rural Healthcare demand

Large gaps in healthcare access in remote regions create **scope for infrastructure development** and outreach programs.

## Medical Devices- Scalable growth Market

Technology-enabled hospitals in Tier-2 and Tier-3 cities stand to capture outsized growth as India emerges **as a top-20 global healthcare market for medical devices**

## Digital Health Scale- Up Potential

Growing **digital adoption** enables hospital apps to deliver telemedicine, AI diagnostics, and remote monitoring, **enhancing access and lowering costs**.

## Global Health-care demand

The global healthcare market is projected to reach \$ 665.37 billion by 2028.

## Work Force shortage

Persistent **shortages of doctors and nurses** are accelerating the shift toward organized healthcare platforms that can attract talent, standardize care, and scale efficiently

## Less Supply & Affordability Gap

India's ~3 million **bed shortfall**, combined with rising **disposable incomes**, supports a long-term expansion opportunity for scalable, affordable hospital networks

## Government led healthcare infra- development

PM-ABHIM is driving **large-scale investment in healthcare infrastructure and critical care**, supporting long-term capacity expansion and demand growth across the sector

## Relief on life saving Drugs

Government **duty exemptions on 36 life-saving drugs** improve affordability and create a demand tailwind for the healthcare sector

## Structural Demand Upside

An **ageing demographic profile**, with median age projected at 38.3 by 2050, underpins sustained **demand growth for specialized, chronic, and tertiary hospital services.**

## Eastern India Market Leadership

**Expand in Eastern India** by leveraging strong **regional brand equity** and capitalizing on **rising healthcare demand**.

## Strategic Positioning

Leverage strategic locations in **dense residential area near transport hubs** to create easy patient access.

## Optimized Price Value Mix

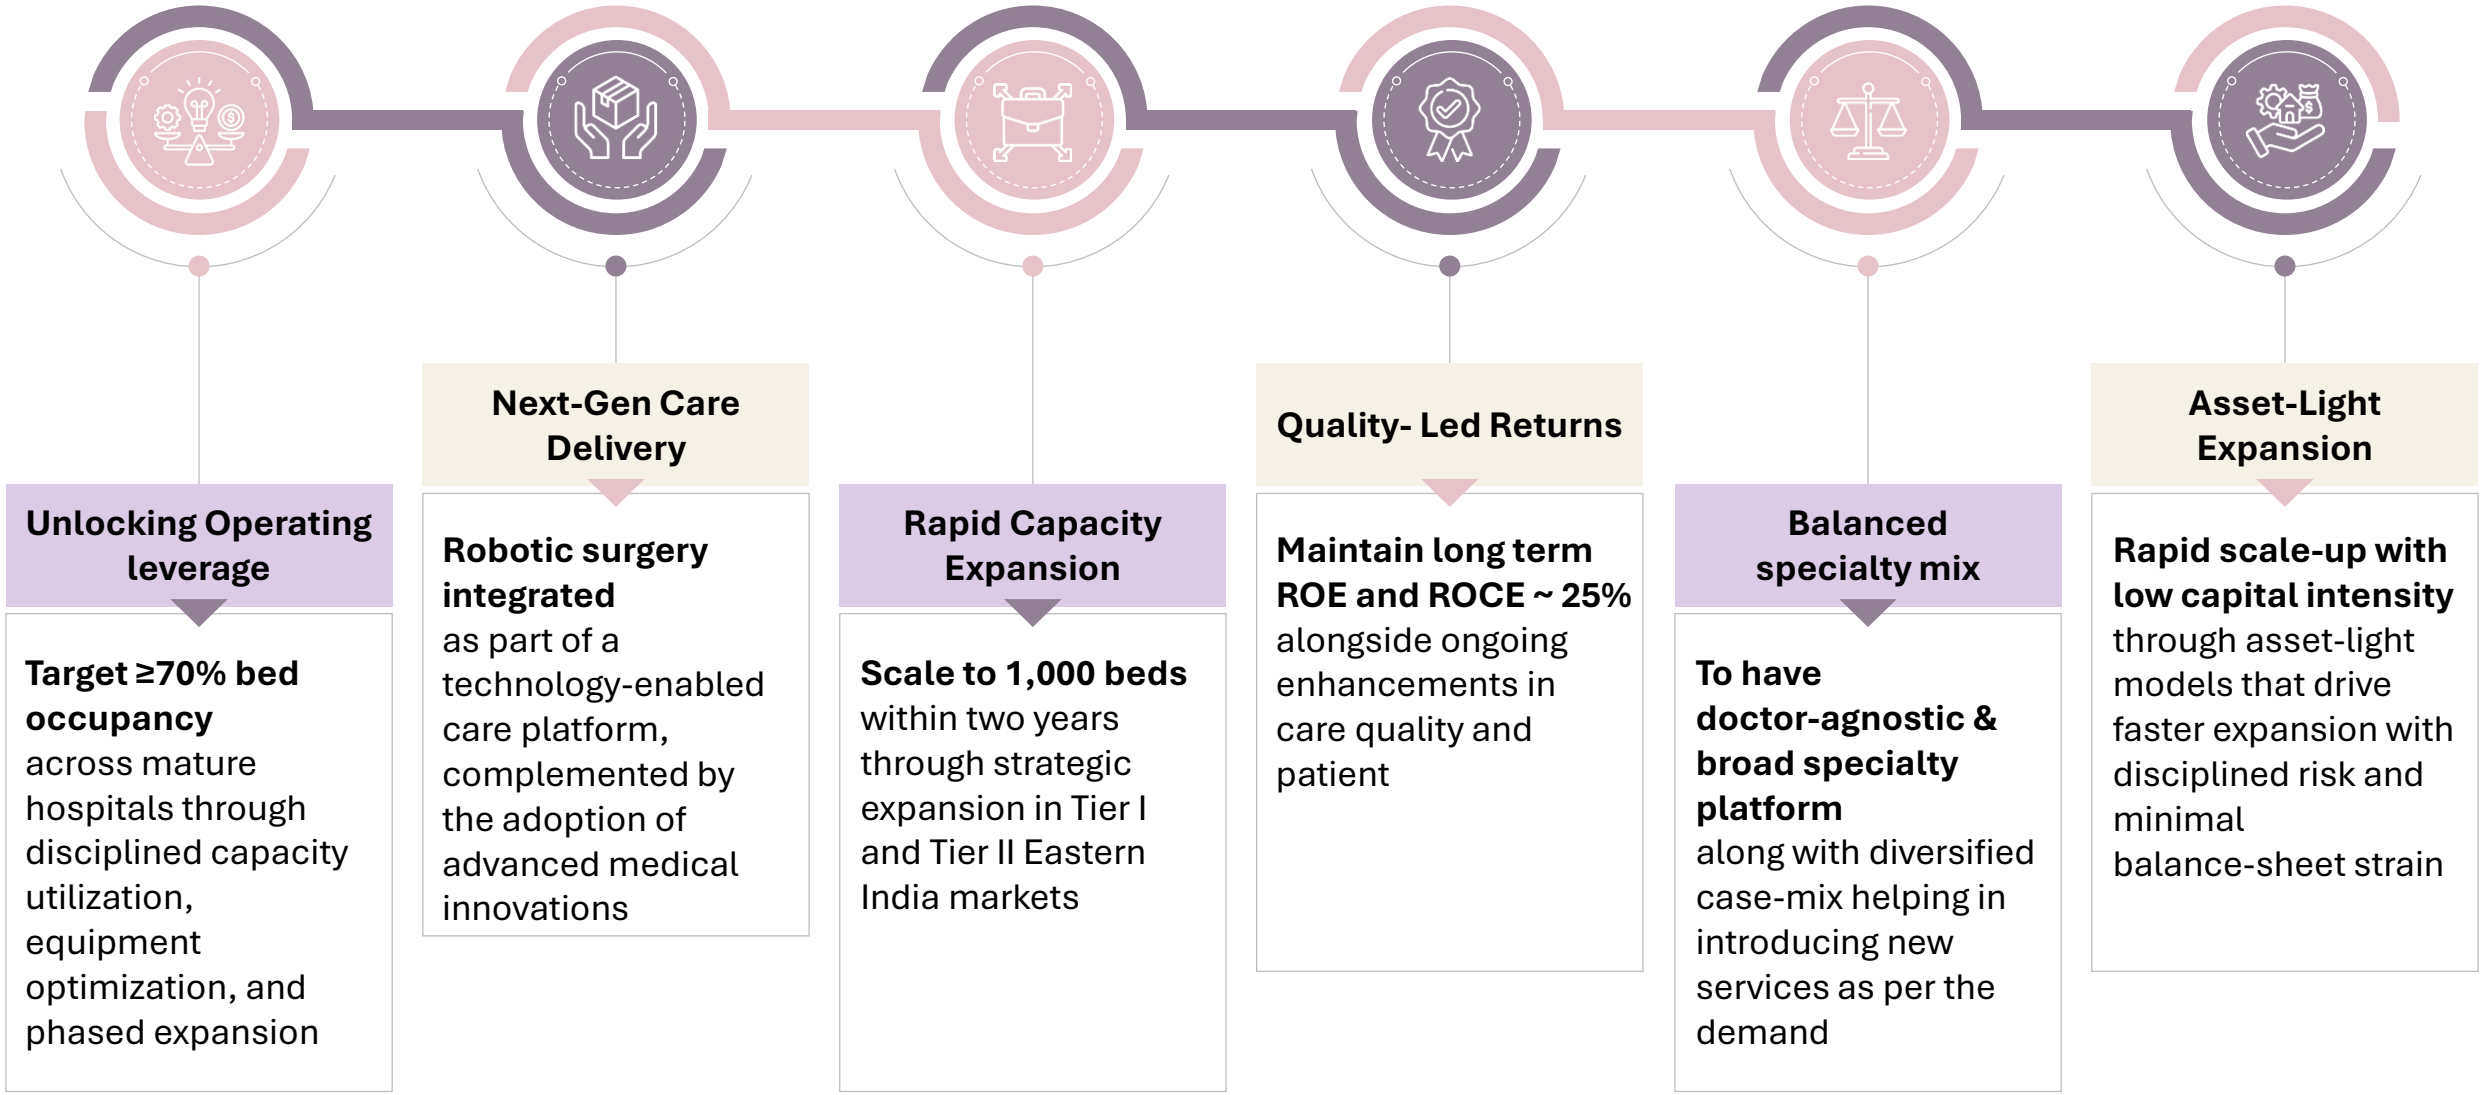

Calibrate pricing to deliver **high-quality, accessible care for middle-to-high income segments**, driving volume growth while protecting margins

## High – Quality Payor Mix

Secure over 90% revenue from cash and insured patients, ensuring **minimal dependence on Govt schemes or Corporates**.

## Capital- Efficient Execution

Deliver best-in-class execution with **industry-fastest break-even (8–10 months)** and **capex per bed at ₹7–8Mn**, well below industry norms and **net-debt free**.

## Strategic Expansion Outlook

- **Jamshedpur Hospital:** MoU signed for a **150-bed** facility with **INR 75 crore** investment, targeted commissioning by end-FY27.
- Planned entry into Tier II cities (Uttar Pradesh, Assam, Odisha) and select Tier I locations in Eastern India.
- **Land and building funded by developers;** operations run on fixed rental arrangements, enabling capital-efficient scaling and faster ROCE accretion

## Operational & Clinical Capability Enhancement

- **Agartala:** Launched Comprehensive Cancer Care (PET scan + Linear Accelerator), making it the only integrated oncology unit in Tripura.
- **Howrah:** Commenced robotic knee replacement surgeries, expected to increase ARPOB and reduce ALOS.
- **Occupancy Upside:** Targeted ramp-up at Agartala and Howrah to ~70%, unlocking margin expansion.

# Professional and Experienced Leadership –Board of Directors

**Dr. Om Tantia**  
Chairman & Managing Director

- Founding member of ILS Hospitals
- More than 40+ years of experience as a medical practitioner
- Recognized as a surgeon of excellence by Surgical Review Corporation, USA
- Fellow Member of the Association of Surgeons of India in general surgery
- Served as President of Association of the Minimal Access Surgeons of India

C C

**Shree Gopal Tantia**  
Vice Chairman

- More than 40 years of experience in administrative and corporate governance roles

M

**Anurag Tantia**  
Executive Director

- 12+ years of experience in healthcare management and looks after the day today operations of the Company
- Holds Bachelor of Science in Management with honors from University of Illinois

M M

**Dr. Aruna Tantia**  
Non - Executive Director

- Senior consultant (gynecology and obstetrics) in ILS Hospitals
- 36+ years of experience as a medical practitioner
- Holds Bachelor of Medicine and Bachelor of Surgery from Ravindra Nath Tagore Medical College, Udaipur, University of Rajasthan and Master of Surgery in Obstetrics and Gynaecology from Bhupendra Narayan Mandal University, Bihar
- Fellow of The Association of Minimal Access Surgeons of India- FMAS

M

**Dr. Ghanshyam Goyal**  
Non - Executive Director

- HOD of Diabetology at Salt Lake hospital since the year 2000
- Experience in general medicine and diabetology
- Holds Bachelor of Medicine, Bachelor of Surgery and Doctor of Medicine in general medicine from S.M.S. Medical College, University of Rajasthan

**Kashi Prasad Khandelwal**  
Non-Executive Independent Director

- More than 4 decades of experience as a Chartered Accountant & expertise in Audit, Accounting, Direct and Indirect Tax, Corporate law matters.

M C

**Dr. Tapti Sen**  
Independent Director

- Experience of almost 35 years as a medical practitioner
- Bachelor of Medicine, Bachelor of Surgery and Master of Surgery from University of Nagpur
- Serves as the Secretary of Kolkata Breast Health and Welfare Association

M M M

**Hari Modi**  
Independent Director

- Graduated from the University of Calcutta and has passed the final examination of the Institute of Cost and Works Accountant of India

C M

**Deepak Pramanik**  
Independent Director

- 30+ years of experience in management consultancy, human resources and finance
- Bachelor degree in Technology in Mechanical Engineering from IIT, Madras and a Post Graduate Diploma in Management from IIM, Calcutta

C

**Amrendra Prasad Verma**  
Independent Director

- Experience in credit, finance and banking sectors
- Served as the MD and CEO of SBI Capital Markets Ltd and as a Deputy MD and Group Executive (Mid Corporate)band Chief Credit and Risk Officer of the State Bank of India

M
